Contract Manufacturing

Contract Manufacturing & Packaging

Lampire's Biotech Research and Resource Center and its staff are available for your out-sourcing projects. In addition Lampire has expanded its contract manufacturing resources to include a second site in Central Pennsylvania. Our client base consists of small start-up companies to global pharmaceutical giants and everything in between. We have experienced Operations and Quality staff with over 25 years industry experience with 12 years being in the contract manufacturing arena. The sites are run under a cGMP Quality System.

We offer:

- Class 10,000 Clean Room Manufacturing Suites
- Testing Laboratories
- Bulk Reagent Manufacture
- Filling and Labeling
- Sub-assembly and Final Kit Packaging
- Long-term cryopreservation and cell banking services
- Tissue Culture Suites and Services
- Bulk Antibody Purification and Conjugation
- Antibody Characterization Services

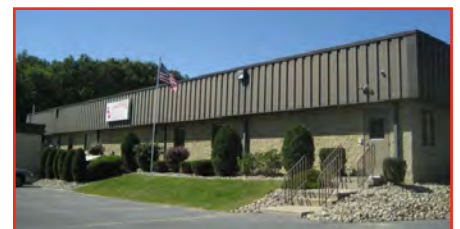

New this year is our SCPM service (Supply Chain Profit Maximization). We will offer you a confidential evaluation of a supply chain you have identified as a cost reduction (profit maximization) candidate and provide you with a step-by-step plan to achieve your goal.

To discuss any of our Contract Manufacturing services contact our Operations Staff at 215-766-4901, or to inquire about any other of Lampire's offerings, please call us at 215-795-2838 or email lampire@lampire.com.
