CUSTOMER INFORMATION

Lampire Biological Laboratories is providing this abbreviated MSDS that contains information that will aid you in the proper handling and disposal of this material. Please forward this abbreviated MSDS to your coordinator for review and filing. Please assure that this MSDS reaches the intended user of this material.

HAZARD INFORMATION

This material must be handled at all times as a potentially biohazardous material. Full goggles and a face-shield must be worn to protect the eyes, nose and mouth from any contact with the material. Take all precautions necessary to prevent any contact with your skin. Any contact with your skin, cuts, scrapes, lacerations, lesions, or skin openings of any type must be reported to your supervisor and occupational health and safety professional immediately.

FIRE AND SPILL INFORMATION

In case of fire use suitable extinguishing agent such as water, carbon dioxide, foam or dry chemical to suppress the surrounding fire. In case of spill collect material in a leak proof container and dispose of according to Federal, State and local regulations.

PERSONAL PROTECTIVE EQUIPMENT

Protective gloves, full goggles, face shield, lab coat and access to a safety eyewash station and safety shower are recommended.

ADDITIONAL INFORMATION

This material has not been tested for infectious agents. Like any biological product, it may be capable of transmitting infectious agents. Wear full goggles, face shield, gloves, and protective clothing when handling.

The information, data and recommendations contained herein are believed to be accurate. Lampire Biological Laboratories, Inc., makes no warranty of any kind whatsoever with respect thereto and disclaims all liability from reliance thereon. This information is offered solely to you in advisement for the safe use and handling of this material. We reserve the right to revise this information periodically as new information becomes available.
